

## **EARTH CARE @LEWINSVILLE**

### **GLASS NO LONGER ACCEPTED AT CURB-SIDE RECYCLING IN FAIRFAX COUNTY**

Fairfax County and all of its trash vendors are no longer accepting glass in curbside recycling, in order to improve the quality of single-stream recycling. Instead, residents are urged to take glass waste to large, purple recycling containers available at multiple locations throughout the county. Glass collected in these purple bins will be crushed at a new facility operated by the County and used for a variety of applications. The nearest purple bin to Lewinsville is in the parking lot of Dolley Madison Branch Library. For more details and a map showing the locations of all the Purple Bins, see: <https://www.fairfaxcounty.gov/news2/glasscontainers-no-longer-required-in-curbside-recyclingprogram/>.
