

# Messy Church Safety Protocols

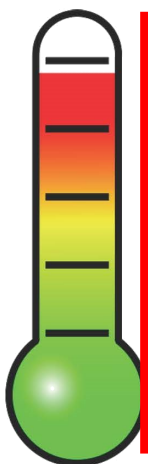

Face Masks are required for all participants regardless of vaccination status. Masks must be worn to cover both mouth and nose and can only be removed to eat.

Hand Sanitation stations will be available at each activity. Participants are asked to sanitize their hands upon entering Messy Church, before handling materials at the activities and before eating.

Family groups will stay together. Participation at the activity stations will be limited to allow for some social distancing while engaging in the activities. Family groups will eat apart from each other.

If any family member exhibits a cough, fever, or a sore throat we ask that the whole family not attend Messy Church.

Risky behavior such as singing during the worship time and eating will be limited to the end of Messy Church.
